# JOB DESCRIPTION

**Job Title:** Staff Nurse (Mental Health/Learning Disabilities) – In patient

**Reports to (post title):** Ward Manager

**Evaluated Banding:** Band 5

**Role Purpose:**

To provide a defined level of assessment and access to interventions for a diverse patient group and their families under the care programme approach, who present with significant mental health problems/disorders.

To provide a realistic timely and occasionally intensive support to patients within an Inpatient setting.

To provide education and supervision to junior staff members, peers and other professionals.

**Role Context:**

A registered nurse (Mental Health/Learning Disability) with current registration with the Nursing and Midwifery Council (NMC).

The role requires a clinician with skills to assess patient’s needs, analyse and develop treatment plans within a multidisciplinary framework.

**Key Accountabilities**

**Clinical Work Practice**

To assess, plan, implement, promote and evaluate safe, creative and effective treatment plans in collaboration with the patient’s diverse needs, their carers and other professionals.

Interventions will be evidence based and designed to reduce stress and anxiety, manage risk and aid recovery.

To maintain accurate, timely and relevant clinical records both written and computerised. To maintain the safe custody of healthcare records.

Responsible for the safe monitoring, management and administration of medication as required by Trust policy.

To be aware of and apply the principles of Infection Prevention and Control and to comply with policy, procedure and guidance.

To obtain and interpret physical Healthcare observations

**Performance Measures**

Evidence of awareness and completion of relevant assessments. Individual care plans which are specific to areas of need and are evidence based.

Appropriate professional and agreed criteria are met.
Demonstrate and be responsible for the safe application of relevant, up-to-date legislation including the Mental Health Act, Mental Capacity Act and Deprivation of Liberty, safeguarding etc.

To maintain safeguarding responsibilities for children and vulnerable adults in line with Trust policy, and Local Authority procedure and guidance, including making timely child and adult safeguarding referrals as required.

Compliance with best practice directions (NICE) and participation in quality and safety initiatives.

To access and provide clinical supervision to maintain competency and deliver best quality patient care

To undertake any other duties that would be a reasonable expectation of the role

**Dimensions**

Qualified member of nursing staff within a nursing team and wider multi-disciplinary team on a High Secure mental health/learning disability ward.

Clinical member of a care stream (mental health/learning disability/women’s/personality disorder) and High Secure workforce.

Named nurse and nurse in charge responsibilities.

**Safeguarding**

All employees are responsible for taking all reasonable measures to ensure that the risks of harm to children and vulnerable adults are minimised. They should take all appropriate actions to address concerns, working to agreed local policies and procedures including the guidance on Safeguarding, in partnership with other relevant agencies. This includes accessing appropriate training, advice and support

**Disclosure and Barring Services**

Where this post relates to the types of work, activity, employment or profession as set out in The Exceptions Order made under the Rehabilitation of Offender Act 1974; the post will be subject to a DBS Disclosure check at the point of recruitment and thereafter, as the Trust determines appropriate. The level of the check will be determined by the type of activities undertaken and the level of contact the post holder will have with children and/or adults in receipt of health services

**Infection Control**

All employees of Nottinghamshire Healthcare NHS Foundation Trust have an individual responsibility to have knowledge of and employ the basic principles of infection prevention and
control practice. All employees must comply with Infection Prevention and control mandatory training requirements specific to their role

### Equality & Diversity

All staff should be able to demonstrate an understanding of and commitment to Equality, Diversity and Inclusion as identified within the Trust’s Equality and Diversity Policy and associated Equality, Diversity and Human Rights legislation

### Sustainability

It is the responsibility of all staff to minimise the Trust’s environmental impact wherever possible. This will include recycling, switching off lights, computers, monitors and equipment when not in use. Helping to reduce paper waste by minimising printing/copying and reducing water usage, reporting faults and heating/cooling concerns promptly and minimising travel. Where the role includes the ordering and use of supplies or equipment the post holder will consider the environmental impact of purchases.

### Communication

Providing and receiving complex, sensitive and confidential information, where there is a requirement to communicate in a professional manner with patients, carers, other healthcare professionals and agencies where there are limitations/barriers to understanding with regards to comprehension, concentration, capability and communication.

An ability to demonstrate empathy, persuasion and reassurance to vulnerable patients and their carers.

### Knowledge, Training and Experience

Professional Qualification (Mental Health/Learning Disabilities) to degree level or equivalent.

Maintains current registration with the NMC and adheres to the NMC Code.

Demonstrate an understanding of physiological healthcare and have the ability to take appropriate action. i.e. signposting for diabetes, epilepsy.

Knowledge of the principles of medication management and compliance

To demonstrate continued professional development to maintain professional registration

Ability to demonstrate leadership skills and qualities.

Knowledge in assessing and supporting students in clinical practice

Working knowledge of the Care Programme Approach, Mental Health Act, Mental Capacity Act, Deprivation of Liberty and Safeguarding etc.
## Analytical and Judgement Skills

Judgements involving a range of facts or situations, which require the analysis, interpretation and comparison of a range of options.

Assessment of patient conditions, recognising a deteriorating patient and suitability for discharge from caseload.

Demonstrate an ability to carry out a comprehensive assessment of health, wellbeing and social care needs.

To modify the care package and where appropriate refer to external agencies.

An understanding of how medication, diet, psychological and external factors can impact on patient care.

## Planning and Organisational Skills

Ability to work on own initiative; carry out monitoring and evaluation of assessments in a variety of settings.

Ability to manage own time by prioritising work load.

Ability to safely organise, delegate and lead an inpatient team on shift by shift basis.

## Physical Skills

There is a requirement for the post holder to use physical skills obtained through practice, examples of this includes breakaway / restraint (MVA), occasional giving of IM injections in emergency situations.

## Responsibility for Patient/Client Care

Develops programmes of care/care packages

To assess, plan, implement, promote and evaluate safe, creative and effective treatment plans in
collaboration with the patient’s diverse needs, their carers and other professionals

Follow the NMC Code demonstrating care and compassion in the delivery of care.

**Responsibility for Policy/Service Development**

Follows policies, makes comments on proposals for change

Participates in the development of evidence based effective practices in the service including NICE guidance.

The duties and responsibilities of the post will be undertaken in accordance with the policies, procedures and practices of Nottinghamshire Healthcare NHS Foundation Trust. It is the post holder’s responsibility to keep up to date with these policies and other policy documents.

**Responsibility for Financial and Physical Resources**

Handle or process cash, cheques and patients valuables as appropriate and where required

Manage resources and equipment;

Maintain stock control; order supplies when necessary);

Sign agency/bank time sheets

**Responsibility for HR**

Responsible for operational supervision of peers, non-registered and newly registered staff.

Provide mentorship, preceptorship, supervision and support of students/newly registered staff.

**Responsibility for Information Resources**

Records personally generated information

Will be responsible for accurately updating patient’s healthcare records.

Validation of data/records submitted by non-registered staff

**Responsibility for Research and Development**

Undertake surveys/audits as necessary to own work

**Freedom to Act**

Work is managed rather than supervised

Works within the NMC Code and professional guidelines in accordance with Trust policy and
procedures, managing their own defined caseload and accountable for their own practice.

### Physical Effort

Frequent requirement for moderate physical effort for several short periods during a shift. i.e. may need to manoeuvre patients.

### Mental Effort

Frequent concentration required where the work pattern is unpredictable. Frequent requirement to undertake patient/environmental observations and risk assessment of patient’s conditions.

Concentration required for checking documents and recording information.

### Emotional Effort

Frequent exposure to distressing or emotional circumstances, occasionally highly distressing due to the patient group involved and the unpredictable, varying and intensive nature of their illness and associated risks.

### Working Conditions

Frequent exposure to highly unpleasant working conditions, i.e. body fluids.

Potential exposure to hazards where personal alarms may be required.

Adhere to Lone Working policy and Health and Safety guidance as necessary.
